Thank you for partnering with Majorcord Canada. It's our pleasure and privilege to work with you. Payment methods are listed in order of preference. Need assistance? Please email the address in the left-hand sidebar, we'll work with you to sort it out!

### 1. Interac e-Transfer (preferred)

This is our preferred payment method, for improved convenience, cost, and security.

- To pay, please direct the e-Transfer to the email address in the left-hand sidebar.

We suggest copy-pasting the email from this document, to avoid typos. Autodeposit is enabled for our mutual convenience, allowing you to skip exchanging passwords.

### 2. EFT

This payment method is currently supported, as a backup, in case the preferred method above is unavailable. EFT as a payment method is being phased out, and will be unavailable in Q1 2023, due to cost and security considerations.

- To pay, use the transfer details available from the Wise link found in your invoice.

For our mutual protection, we do not transfer sensitive information (such as account numbers) over email. The Wise link expires within 30 days of issuing the invoice. In case of expiry, a new link will need to be reissued for late payments.
